

DOMOS ADVISORS

PROBATE & ESTATE VALUATIONS

DOMOS Private Client Services

Professionals in the field of trusts and estates should have reliable sources of information and advice on matters relating to the valuation, storage and disposition of tangible assets and, increasingly, on intellectual property

About DOMOS

DOMOS Advisors assist private client practitioners, solicitors, family offices, and estate and trust advisors in valuing real property and assets. This includes conducting historical price research on tangible assets such as fine art, antiques, architectural salvage, classic cars, aircraft, watercraft, jewellery, fine wine, residential contents, crypto or IP.

We create an inventory of an estate's tangible assets and chattels and list and appraise all objects of value contained within the estate.

Specific experts' evaluations are sought for high-value items minimising any risk of misattribution, which may lead to unreliable or low valuations.

If your firm needs professional advice on the true value of an estate or assets, please contact us on **Tel: 077 1937 0000**, and we can create an inventory that suits your needs.

- **Valuation & Sale:** Manage the entire valuation and sale of all estate tangible assets
- **Formal Inventory:** Compile an inventory of all estate assets, residual items and IP
- **Chattels Sales:** Cost-effective route for asset sales via private sale, auction or online auction
- **Specialist Valuations:** Identify specific estate assets and obtain specialised valuations
- **Property Clearance** Arrange for clearance of residual items from an estate or property
- **Architectural Salvage:** Such items may raise substantial funds for an estate
- **Property Valuation:** Arrange for a valuation or survey of residential or commercial property

Expert Services

 **Tel: 077 1937 0000**

Expert Opinion

Deek industry expert opinion from forensics scientists, scholars and historians when evaluating specific high value assets

Provenance Search

Conduct provenance research on specific assets such as art, classic cars or antiques. This deals with issues of attribution and authenticity

Scientific Analyses

Arrange for a scientific examination of specific works and potential high-value items, ensuring the highest possible price is attained

Security Issues

Arrange for SIA-registered professionals to secure and man a property, change locks, install remote CCTV or install a burglar alarm
